

September Ride - Otis Chandler Museum October Ride - Monterey Ride

Sponsored by

From the Rider's Seat

By Roy Hooper

As President of the Cal Coast Riders Club I have a few goals and one goal I have had since 1982 when I first got involved with clubs. That goal is to ride in a parade and on July 4 I finally accomplished that goal with your help. I'm amazed that it took over 20 years so a big thanks to those that helped this goal come to realization. By last name: **Joe Bartlett, Rick Bell, Dave Culton** and his family, **Diane Pinkerton, Jerry & Mieko Purdy, Paul & Sheila Robino, John and Patty Smith, Larry Valenzuela** and **France Veillette**. I hope I did not forget anyone. We had a great time and we will be a little more "active" with our bikes next July. For those that want to, we can practice a routine before the 2006 parade.

Mention You are a Member

The next time you are in Cal Coast Motorsports and talk to an employee, let them know that you are a member of the Cal Coast Riders Club. The gals on the sales floor and the guys in the parts and service areas are always friendly with me when I go in there and they ask how the Club is doing. We have 70 members so mention that you're a member and they will soon know how our club is doing.

The Love Ride

Just like last year our Nov. 13 ride and the Love Ride fall on the same day and time. Last year we stopped at the I-5 bridge to watch all the bikes go by then we stopped at the Shell for gas. I have been at the beginning of the Love Ride in Glendale a couple of times and when the 20,000 plus bikes start their engines at 9:15, it gets LOUD and SHAKY. Yes, the ground and your body actually shake from all that noise. This is not for everyone and I certainly don't like the noise, but once a year I prepare myself for it.

So for this year's monthly ride we will have our regular departure from Ventura and for those that want to live crazy for an hour, join me as we head to Glendale to depart with the Love Ride group. We'll wave to our club at the bridge and then we'll meet our club at the Shell and head to Harley's Rock Inn

August 2005
CalCoastRiders.com
Ventura County HRCA #269

for lunch. Check out loveride.org for info about their ride.

Member Renewals

October is the month that we renew our memberships. If you joined before April 2005 just send a \$12 check to Diane **made out to "Diane Pinkerton"**. Email her at

Diane7008@aol.com for the address

info. You can also hand her the cash on one of our rides. You don't have to wait for October to renew, you can take care of it earlier and then Diane won't get piled on all at once. Some of the benefits of joining Cal Coast Riders is the free Christmas lunch (we'll be able to afford *dinner* when our kitty gets **fatter**), free summer BBQ and the 15% discount on most items at Cal Coast Motorsports. If you are not sure that you renew this year or next just call me at 646.2905 or email at Roy@OjaiRoy.com. Ride safe. **CCR**

Pine Mountain Club/ San Andreas Fault Ride

By Roy Hooper

We had our regular group of riders along with 6 new riders meet up at Jack's on July 10 for our ride to the Pine Mountain Club in Kern County. We stopped at the Unocal in Ojai where Ride Captain Tim Bates and I were picked up to bring the total to 20 bikes. We headed up 33 and at the 20 mile mark we passed Pine Mountain which many people get confused with our destination, the Pine Mountain Club, which is a town in Kern County. After we passed Lockwood Valley Rd. we left Ventura County and entered Santa Barbara County but before you could blink we were in San Luis Obispo County. Whoa! A right on 166 for 14 miles and then another right on Cerro Noroeste Road which just happens to follow the famous San Andreas fault. Did I mention that we are now in Kern County? That's a lot of counties for a one day ride.

At Pine Mountain Club we stopped for lunch and the smell of the pine trees. Now with full tummies we headed south back on the San Andreas fault to make our way to Lockwood Valley Rd. which follows the Lockwood fault. Oh boy..... I still remember my geology teacher Mr. Fedel telling us that if it wasn't for earthquakes we wouldn't have all these mountains. This area we rode through would make a great classroom! Back on the 33 southbound to the Ojai Unocal station for our last break. As we drank our Gatorades we talked about our Jalama Beach ride for August and then said our good byes. See you next month. **CCR**
